

Early Help is a way of thinking and working together as services with families that have additional or more complex needs or families that just need a helping hand for a short period of time.

Early Help can prevent problems from getting worse by providing support to families when a need is identified or as soon as a problem emerges. This can be at any point in a child's life, from conception, through childhood and into adolescence. It can also prevent further problems arising by building resilience with families to find their own solutions in the future.

Miss Davies can offer support in a range of situations, such as:

- advice and support with your child's behaviour at home or at school.
- advice and support about your child's punctuality and attendance.
- other concerns you may have relating to your child that you would like support with.
- supporting you or someone you know who is suffering domestic abuse.
- concerns about any child's welfare.
- support you to talk to your child's teacher or to the school about any concerns or queries you may have.
- help you to access information about difficulties you may be experiencing such as money worries, relationships, health etc
- offering one to one session with children in school in areas such as anger management, bereavement, self-esteem and many more.

Please contact school if you want to discuss Early Help and ask to talk to Miss Davies your Early Help Lead. 01709 863622
