ACCESSIBILITY PLANS

Revised: September 2022

Review Date: September 2023

Accessibility Plan 2022- 2023

Introduction

It is a requirement under the Equality Act 2010 that schools have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. This means that “schools cannot unlawfully discriminate against pupils on the grounds of sex, race, disability, religion or belief and sexual orientation”.

According to the Equality Act 2010 a person has a disability if:

- He or she has a physical or mental impairment, and
- The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Full Governing Body is responsible for ensuring the implementation and resourcing of the Plan and for reviewing the Plan.

Denaby Main Primary Academy is committed to providing an accessible environment which values and includes all pupils, staff, Parent/Carers and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.

The school will also remove or minimise any potential barriers to learning allowing all children to achieve and participate fully in school life.

Denaby Main Primary Academy will challenge negative attitudes about disability and accessibility and developing a culture of awareness, tolerance and inclusion.

The Physical Environment

The Accessibility Plan includes measures to improve access to the physical environment of the school as necessary. This may involve making reasonable adjustments to the school and providing aids to assist access where appropriate.

Curriculum

The Plan also includes measures to increase access to the curriculum for children with disabilities to ensure that they are equally prepared for life as children without disabilities. As well as teaching and learning, this includes access to the wider curriculum such as access to after school clubs and participation in school visits. This may involve the provision of specialist aids and equipment where necessary.

Written Information

The Plan also includes measures to improve and make reasonable adjustments to the delivery of written information relating to the school and school events.

The Current Range of Disabilities within Denaby Main Primary Academy

The school has children with a limited range of disabilities, of which the staff and governors are fully aware. When children enter school with specific disabilities, the school contacts the LA and Trust professionals for assessments, support and guidance for the school and Parent/Carers.

For all children that have medical needs a care protocol is agreed with their Parent/Carers and relevant staff are provided with copies. Care plans are shared with class teachers and kept in a locked cupboard in the office. Intimate care plans are also in place for children needing intimate care with staff recording care given. Emergency Rescue Epilepsy medication is kept in a safe within the classroom and also in a safe in the staffroom. We have 19 staff that have had Epilepsy training.

We have children who have asthma and Denaby Main has competent First Aiders who hold current First Aid certificates also 3 staff that are Paediatric trained.

Medication is kept in the office, medication that needs to be refrigerated is kept in the staffroom fridge and Asthma pumps are in the classroom. First aid is in a place, which is easily accessible for first aiders, in a cupboard in the KS2 corridor and at the front office. Administration of medicine consent forms are filled in by Parent/Carers outlining the illness and amount and time of medication. All medication that is given is recorded. Medication is administered at the discretion of the Head Teacher and will only be administered with a completed consent form and the medication has to be prescribed by a doctor.

ACCESSIBILITY PLANS

EQUALITY & INCLUSION

Targets	Strategies	Outcomes	Who	Timeframe
To ensure that the Accessibility Plan is annually reviewed by FGB	Clerk to the Governors to add to agenda as required.	Plan reviewed. Legislation adhered to.	Principal	Annual
To improve staff awareness of disability issues.	Review training needs. Provide training as necessary or appropriate.	Disability issues are identified and addressed by all staff.	Principal	On-going
To ensure all policies, where necessary, consider the implications of disability access.	During natural review of policies, consider and include measures to address disability access.	Policies are fully inclusive of issues related to disability and reflect current legislation.	Principal Governors	On-going as part of policy review

To ensure pupil receiving treatment from serious medical condition has access to teaching and the curriculum when at home and has minimal risk of contracting infections.	Liaise with parent and hospital outreach to ensure a teaching program is in place. Parent/Carers of other pupils to be reminded to inform school of any illness or infections in their children.	Child continues to access curriculum and recovery is not slowed down by infection from other pupils.	Principal	On-going
---	--	--	-----------	----------

PHYSICAL ENVIRONMENT

Targets	Strategies	Outcomes	Who	Timeframe
